Los Angeles

**DESCRIPTION:** Charmlee Wilderness Park is a gem of a park in the Santa Monica Mountains. Within Charmlee is an 8-mile network of trails offering outstanding ocean views and close-ups with rocky outcrops and shady oak woodlands. The small trail segments all connected together make it possible to “Build Your Own Trail” for a variety of experiences, views, and destinations, including the Ranch House Ruins and Ocean Overlook.

**DIRECTIONS:** From PCH, turn inland onto Encinal Canyon Rd and travel 3.8 miles to the north. Turn left onto Charmichael Road (park entrance road). Continue 0.2 miles to the staging area on the right. Trail access to Three Park Trail and Charmichael Road is located at the southern end of the staging area.

## SAFETY FIRST

In case of **EMERGENCY** dial 911.

For non-emergencies on County trails call the Los Angeles County Sheriff's Parks Bureau Dispatch at (800) 834-0064.

## HAZARDS ON THE TRAIL

Rattlesnakes occasionally sun themselves in the middle of the trail. If encountered, keep your distance and allow space for the snake to retreat.

Poison oak can be identified by groups of 3 leaves going up the branch. It's best avoided by staying on the trail and wearing long pants and long-sleeved shirts to prevent contact with skin.

Ticks are most often found in shaded, grassy areas off the beaten path. Stick to established trails and wear long pants to avoid contact. Check for ticks frequently, especially the scalp, waist and other dark places where they can hide.

## SHARE THE TRAIL

When trail conditions require a right of way for safe passage, **equestrian users have the primary right of way, hikers next and then mountain bikers**. When trail conditions allow and when there is width to safely pass, common courtesy should prevail for all users. Stand to one side of the trail and allow them to pass. When in a group, avoid blocking the trail. **Mountain bikers yield to all trail users**. Anticipate other trail users as you ride around corners. Mountain bikers traveling downhill must yield to all users, including other mountain bikers, headed uphill. In general, make each pass a safe and courteous one.
