QUICK GUIDE TO
YELLOW HILL FIRE ROAD

DESCRIPTION: This out and back trail follows a gated fire road up the steep, exposed hillside, following Sequit Ridge. It's a steady climb that provides panoramic views out over the Pacific Ocean to the four Channel Islands in the distance, as well as to Point Dume and the Palos Verdes Peninsula. From the top of the trail, there are also views over to the higher peaks of the Santa Monica Mountains on clear days.

DIRECTIONS: The trailhead can be accessed from the Leo Carrillo State Park staging area, located on the PCH, approximately 10 miles north of Malibu. Park in the lot on the inland side of the PCH and head northwest to the trailhead. Use caution crossing Mulholland Hwy.

HAZARDS ON THE TRAIL

Rattlesnakes occasionally sun themselves in the middle of the trail. If encountered, keep your distance and allow space for the snake to retreat.

Poison oak can be identified by groups of 3 leaves going up the branch. It's best avoided by staying on the trail and wearing long pants and long-sleeved shirts to prevent contact with skin.

Ticks are most often found in shaded, grassy areas off the beaten path. Stick to established trails and wear long pants to avoid contact. Check for ticks frequently, especially the scalp, waist and other dark places where they can hide.

SHARE THE TRAIL

When trail conditions require a right of way for safe passage, ***equestrian users have the primary right of way, hikers next and then mountain bikers****. When trail conditions allow and when there is width to safely pass, common courtesy should prevail for all users. Stand to one side of the trail and allow them to pass. When in a group, avoid blocking the trail.* ***Mountain bikers yield to all trail users.*** *Anticipate other trail users as you ride around corners. Mountain bikers traveling downhill must yield to all users, including other mountain bikers, headed uphill. In general, make each pass a safe and courteous one.*
